Antun Belić

Software Developer / Frontend

antunbelic93@gmail.com www.antunbelic.from.hr linkedin.com/in/antun-belic

PROFESSIONAL PROFILE

Frontend developer building web applications for the Croatian and US markets since 2022. I work with React, Next.js and TypeScript, with experience implementing UI designs, integrating REST APIs and optimizing performance. Previous experience managing a team of 40 employees brings a strong sense of responsibility, organization and collaboration.

TECHNICAL SKILLS

Foundations: HTML, CSS, JavaScript, TypeScript

Interface: React, Next.js, Tailwind CSS, MUI, TanStack

Behind the interface: Node.js, Amplience, Git

WORK EXPERIENCE

Frontend Developer

July 2024 - present

Ingemark · Croatia / USA

Developing and maintaining web applications with JavaScript, React and Next.js. Collaborating across teams on new features, optimizing performance and resolving bugs.

Frontend Developer

July 2022 - June 2024

Init · Croatia / USA

Building responsive interfaces with HTML, CSS, JavaScript and React. Working with designers to implement UI/UX designs and with backend engineers to integrate REST APIs.
